VOLUNTEERS NEEDED FOR RESEARCH OF HAND FUNCTION FOLLOWING STROKE

Researchers at Laurentian University in Sudbury ON, are conducting a hand rehabilitation study to investigate the level of engagement in stroke survivors while participating in a hand function training program using a gamified format.

To be eligible for this study you must:

- Be between the ages of 25 and 85 years old
- Have had a stroke at least 5 months prior to start of study

The study takes place at the Laurentian University Campus. The study will involve two to three, two-hour training sessions per week for twelve-weeks (2 sessions one week, 3 sessions the next).

In addition, you will also be requested to complete one 3-hour screening/initial assessment session, and one 2-hour post study assessment session. All sessions will be conducted in-person.
